

KOUKAMMA MUNICIPALITY

ANNUAL PERFORMANCE REPORT

2015 / 2016

1. INTRODUCTION

In terms of Section 46 of the Municipal Systems Act No. 32 of 2000, the accounting officer must prepare an annual report reflecting the performance of the Municipality in comparison with the set targets every financial year.

2. PURPOSE

The Municipal Finance Management Act 56 of 2003, Circular 11 outlines the purpose of the annual report as follows;

- (a) to provide a record of the activities of the municipality or municipal entity
- (b) to provide a report on performance in service delivery and budget implementation; and
- (c) to promote accountability to the local community for the decisions made during the financial year by the municipality or municipal entity.

This report will give an indication of the performance of Koukamma Municipality for the financial year based on the predetermined objectives as set out in the Integrated Development Plan (IDP) in conjunction to the approved budget which is converted into actual indicators and targets in the Service Delivery Budget Implementation Plan (SDBIP).

3. LEGISLATIVE REQUIREMENTS

Municipal Systems Act, 32 of 2000

Municipal Performance Regulations for Municipal Managers and Managers Directly Accountable to Municipal Managers, 2006

Municipal Finance Management Act, 56 of 2003

Municipal Finance Management Act, Circular No. 13

Municipal Finance Management Act, Circular No. 11

Municipal Planning and Performance Management Regulations, 2001

4. ANNUAL PERFORMANCE REPORT PER KPA

Progress against set targets is measured on a quarterly basis. This report however, specifically deals with annual achievements against set annual targets for the 2015/2016 Financial Period. Completion of these projects depended largely on funds available and the progress of appointed contractors, hence, it is important to note the reasons for non- achievement.

6. SDBIP ANALYSIS REPORT

KPA1: MUNICIPAL TRANSFORMATION AND INSTITUTIONAL DEVELOPMENT

Number of projects = 18

Number of projects On Target/Completed = 11

Number of projects Lagging/Not started = 7

Percentage on Target = 61.11%

Municipal Transformation and Institutional Development have achieved a 61.11% on target/complete projects. Out of the 18 projects, 7 are lagging.

KPA 2: BASIC SERVICE DELIVERY AND INFRASTRUCTURE INVESTMENT (TECHNICAL SERVICES)

Number of projects = 23

Number of projects On Target/Completed = 8

Number of projects lagging = 15

Percentage on Target = 34.78%

Basic Service Delivery and Infrastructure Investment (Technical Services) have achieved a 34.78% of the set Annual targets. Lagging projects are greatly influenced by the lack of funding, slow progress and non – performance of contractors, that resulted in reappointments and projects that are facilitated and funded by external Departments.

Some of the lagging projects have been carried over to the next financial year for completion.

KPA 2: BASIC SERVICE DELIVERY AND INFRASTRUCTURE INVESTMENT (COMMUNITY SERVICES)

Number of projects = 34

Number of projects On Target/Completed = 24

Number of projects Lagging = 10

SLN

Percentage on Target/Completed = 70.58%

Basic Service Delivery and Infrastructure Investment (Community Services) have achieved 70.58% of targets set for the financial year.

Many of the projects that have not been completed in this financial year will be completed early in the next financial year and is currently sitting at approximately 70% complete. Funding constraints had an impact on non-achievement of set targets, and as a result, projects that received late funding approvals will be shifted to the next financial year.

KPA 3: LOCAL ECONOMIC DEVELOPMENT

Number of projects = 14

Number of projects On Target/Completed = 1

Number of projects Lagging = 13

Percentage on Target = 7.14%

Local Economic Development have achieved a 7.14% on target/complete projects.

Potential investors and funding constraints continue to impact the performance in this department.

A service provider has been appointed to assist with the development of a LED Strategy to lure potential investors.

KPA 4: FINANCIAL VIABILITY, MANAGEMENT AND SUSTAINABILITY

Number of projects = 18

Number of projects On Target/Completed = 15

Number of projects lagging = 3

Percentage on Target = 83.3%

Financial Viability, Management and Sustainability have achieved 83.3% on target/complete projects. The main challenges in this department were the generation of the valuation roll and the implementation of mSCOA.

SLN

KPA 5: GOOD GOVERNANCE

Number of projects = 19

Number of projects On Target/Completed = 12

Number of projects lagging = 7

Percentage on Target = 63.15%

Good Governance have achieved a 63.15% on target/complete projects.

OVERALL ORGANISATIONAL PERFORMANCE

Number of projects = 126

Number of projects On Target/Completed = 71

Number of projects lagging = 55

Percentage on Target = 56.35%

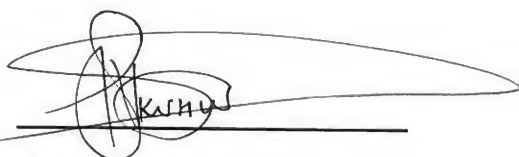

The overall performance of the organisation is 56.35%.

7. CONCLUSION

The performance of the departments depends largely on funds available and the progress and performance of the contractors appointed.

It is also important to note that not all the projects listed in the SDBIP are internally facilitated. External departments also contribute to the service delivery within Koukamma area, and as a result the processes are coordinated externally, hence should a project be delayed, it has a direct impact on the service delivery department applicable.

Projects that could not be funded in this financial year have been carried over to the next financial year upon funding approval.

**SABELO NKUHLU
MUNICIPAL MANAGER
31 AUGUST 2016**
